JEFFREY D DANIEL VICTOR

Full-Stack Web Developer

jeffreydvictor@gmail.com | 6374388548

Linkedin | HackerRank | GitHub | Portfolio

EDUCATION

Anna University Regional Campus Tirunelveli   Tirunelveli
Computer Science Bachelors   August 2019 - June 2023
CGPA: 7.8

EXPERIENCE

TCS | Intern   Remote | April 2023 - July 2023
    Developed and deployed full-stack web applications on AWS, leveraging AWS S3 for static website
    deployment and AWS EC2 for dynamic application deployment.

SKILLS

Programming Languages:	JavaScript
Libraries/Frameworks:	React.js, Express.js, Tailwind.css
Tools / Platforms:	Git, VS Code
Databases:	SQL, POSTGRESQL

PROJECTS / OPEN-SOURCE

Archive (Blog website) | Link   *JavaScript, JWT, React.js, Redux, Flowbite, Tailwind.css, Express.js, Firebase, Postgresql, Git*
- Developed and implemented a secure login system using Google OAuth with Firebase
  Integrated advanced Rich Text Editor functionality
- Designed and built a robust blogging platform allowing users to save and like posts, which can be added to personal collections
- Implemented a user-friendly interface for creating, updating, and managing blog posts
- Created a feature-rich system for users to follow their favorite writers and receive updates on their latest blogs in their home feed

Estate Application | Link *JavaScript, JWT, React.js, Redux, Tailwind.css, Express.js, Firebase, Postgresql, Git*
- Designed and developed a web application for buying, selling, and renting properties
- Implemented advanced search and filter functionality for property listings
- Developed a secure login system using Google OAuth for user authentication
- Created a user-friendly interface for users to send inquiries to property landlords

Wealth Manager | Link   *JavaScript, Express.js, Passport, MongoDB, AWS EC2*
- Developed an Expense Tracker application as part of the Nalaiya Thiran Program, in collaboration with ICT Academy and IBM Developer Skills
- Designed and implemented a user-friendly graphical interface to display expenses in a categorized, monthly, and daily format, featuring a tabular view for easy expense tracking and analysis.
- Implemented user session management using Passport.js to ensure secure authentication and authorization
